Dear Physicians,

We have provided contact information below for you and your office staff to ensure a smooth referral process. However, our surgeons and their clinical staff are often in locations other than their offices. If you receive their voicemail, please leave a message and their **Nurse Coordinator** will return your call as soon as possible. If you are having difficulty reaching someone, or your call has not been returned, please use their **Administrative Contact**, which has been listed as well. Their assistant will be more than happy to get your message to the proper individual.

We thank you in advance for your referral, and look forward to assisting in the care of your patient.

Warm regards,

Michael J. Stamos, MD, FACS, FASCRS
